## DAY 1

- Depart for Barcelona on an early flight. Transfer for only 90 minutes to [CAL PORRERA](#), a beautiful, boutique country house hotel in Priorat, with its own vineyard and cellar! It's devoted to wine tourism.
- Take it easy on arrival with a welcome reception before heading out to orientate yourself. This afternoon can involve a hike in the Montsant hills (with wine and olive oil tasting along the way obviously), a boat trip, castles and a Carthusian monastery or even a trip to the beach (only 20 minutes away).
- This evening, walk into the centre of Porrera for dinner.

## DAY 2

- This morning is a chance to have a formal meeting with full AV and catering facilities.
- Today is the showpiece event at Clos Figueras, which has stunning views over the Montsant river valley. The 18 hectare estate grows Grenache, Syrah and a small amount of Cabernet Sauvignon, Mourvedre and Viognier. With the new acquisition in 2000 came 2500 old Grenache and Carignan vines, more than 60 years old. More vines were planted in 2001 including some Grenache Blanc, Chenin Blanc and Touriga Nacional. It also has over 135 olive trees.
- After you meet the team for a tour of the estate, enjoy a gourmet lunch, paired with Clos Figueras wines.

## DAY 3

- This morning will probably be a gentle start..., after which, there is a visit to **Ferrer Bobet** (the surnames of both original owners), pictured here.
- The estate is located between Porrera and Falset. The soils have an unusually high proportion of llicorella, a quality only seen in the top vineyards in the Priorat, and the site is in one of the coolest, steepest and highest elevations of the appellation.
- After the visit, transfer to Barcelona airport.
- If you prefer to stay for longer, there is a great deal more to see and do (and vineyards to visit).
